Package prices are based on normal site conditions and do not include demolition of any kind. Any heavy equipment needed to complete the project to the standards of the homeowner and Canyon Pondscapes will be subject to an extra charge based on local equipment rental company rates. Each package (with the exception of the Micro Series) contains 2-20w lights and 1-10w light and 1-150w transformer. All packages are completely upgradable (such as but not limited to: stream length, lighting, exterior plantings, and other accessories).
